G Dsus2 C G

I wasn't blessed with a beautiful voice

G Dsus2 Cadd9

And i pull on these strings, best i can

G Dsus2 C G

I cover my eyes just to shut out the noise

G Dsus2 Cadd9

Sometimes i dont know who i am

C1

Em

But you do

Bm

And you see

G Dsus2 Cadd9

The demon residing in me

Em
It's ok
Bm
Cos you keep
G Dsus2 Cadd9
The love that my bones need to sleep

V2
You think you're not blessed with a beautiful smile
I wish you could see what i do
Fixated at best on your nonchalant style
Fixated on thinking of you

C2
Cos i do
And i see
Your tragic insecurity
It's ok
I got you
Amazed as i am that its true

Instrumental for 1 verse

V3
They can all talk we'll just shut out the world
I'm fed up of giving a damn
Don't let the idiots grind us all down
You're you and i am who i am

C3
They will try
To deny
All that is good in the sky
I don't mind
I don't care
I'll stay blissfully unaware

V4
We are a unit together and strong
We'll keep all the badness at bay
Build up the walls as wide as they're long

Our own little world where we'll stay

C4
We are us
We are we
We are every branch on this tree
Come with me
I'm with you
And falling is all that we do

Outro (play at half speed)
I have been blessed with this beautiful life
